

NGUYEN THI MINH THU

QA/QC ENGINEER

033 764 7619 | thu.ntm0201@gmail.com | Thu Duc, Ho Chi Minh City

OBJECTIVE

With **3+ years** of experience spanning both Outsource and Product models. Possess deep domain expertise in Payment Platforms, ERP systems, and Blockchain ecosystems. Proven track record of owning QA lifecycles end-to-end across cross-functional teams. Seeking to leverage this diverse background to drive software quality and deliver high-impact products at scale.

PROFESSIONAL EXPERIENCE

Quality Assurance — ATOM SOLUTION

July 2023 - Present

ERP & CRM — Education Platform (Team ~15)

- Acted as the Primary QA Engineer, analyzing requirements with cross-functional teams to identify edge-case gaps and propose UX improvements before development — reducing post-release defect density.
- Applied AI Agent and MCP Server to automate requirement analysis, test case generation, and bug reporting — reducing test design time by ~70% and bug logging from ~10 min to under 30 seconds per ticket.
- Designed and validated end-to-end payment flows across online payment gateways, E-com checkouts, and physical payment devices — ensuring transaction accuracy, reconciliation integrity, and edge-case coverage.
- Verified e-invoice issuance and multi-channel notification delivery (ZNS, Email) under production-like conditions — confirming template rendering, data binding, and real-time dispatch reliability.
- Conducted performance and API response time testing using Postman, while utilizing browser DevTools for frontend performance profiling.
- Built Playwright automation scripts with API-hybrid approach for regression testing and test data setup — eliminating 30+ minutes of manual preparation per cycle.
- Compiled Test Summary Reports, facilitated UAT acceptance, and ensured successful go-live deployments across 3+ major educational systems, while authoring User Guides for client handover.

Web3 — Blockchain (10+ Projects, Teams 10-30)

- Analyzed product requirements to write detailed manual test cases and proactively proposed UX improvements for Web3 interfaces.
- Executed manual testing across Web Apps and APIs, focusing on wallet integrations, token swaps, and cross-chain bridges.
- Verified transaction lifecycle states, gas fee calculations, and asset balance synchronization on the UI/API layer.
- Logged and tracked defects via Jira, collaborating directly with developers to reproduce issues and verify fixes.
- Participated in QA cycles across diverse Web3 projects, gaining hands-on experience with DeFi, SocialFi, and Telegram Trading Bots.
- Created step-by-step User Guides for DApp workflows (e.g., wallet setup, token swaps) to assist end-users.

Other

- Participated in ISO 20000-1, 27001, and 22301 certification audits for the company.
- Contributed to QA hiring, onboarding processes, and mentoring intern team members.

Manual Tester — VETGO

January 2023 - July 2023

Veterinary clinic management system — POS, inventory, appointments, medical records & Zalo integration.

- Collaborated within the QA team to structure acceptance criteria, establish bug triage workflows, and refine repeatable test strategies.
- Partnered directly with developers to root-cause defects and proposed product enhancements based on customer feedback patterns.
- Provided end-user support and translated real-world usage issues into actionable improvement items.

SKILLS

- **Testing:** Functional, RESTful API, Performance, Regression, Smoke, Cross-browser/device
- **Documentation:** Test Plans, Test Cases, Test Scenarios, Test Reports, User Guides
- **Technical:** HTML/CSS, JavaScript, SQL Server
- **Tools:** Postman, Swagger, Playwright, k6, Odoo, Jira, Confluence, AI Agent & MCP Server
- **Domain:** ERP & CRM, Payment Gateways / POS, Web3/Blockchain
- **Process:** Agile/Scrum, AI-driven QA workflow, analytical thinking, cross-team collaboration

CERTIFICATIONS & LANGUAGES

- **Certified Software Tester** — FPT Software Academy
- **Certified Internal Auditor** — ISO 20000-1, 27001, 22301
- **English** — Intermediate Proficiency (B1 Equivalent)

EDUCATION

Nong Lam University

August 2019 - March 2023
